OCTOBER 27-28, 2009

LOCATION: CHERRY VALLEY LODGE, NEWARK, OHIO

Prevention in Progress will be a two-day Summit and premiere training event to advance Ohio's capacity to deliver quality family violence prevention services. The Summit will offer nationally recognized experts from the field while also showcasing Ohio-based prevention examples and resources. The event is unique in that it will provide a collective forum for stakeholders in child abuse, intimate partner violence, and elder abuse to join together to address **preventing perpetration before it may occur**. The Summit will incorporate technology, interactive teaching, and will incorporate local data to engage and empower Ohio communities and social service organizations for greater impact. Bring your colleagues, and let's "summit" together!
